003

...making excellence a habit.™

Certificate No: FM 630754

## Registered Scope:

The design, manufacture, repair and supply of audio communication devices, assisted listening devices and a range of associated products and accessories. Supply and repair of headsets, handsets and helmets from a comprehensive range of manufacturers, together with the specification and manufacture of a complementary range of headset accessories, leads and adaptors. Design, manufacture and repair of headsets, boom and hand held microphones and ancillary communications products. Repair and vendor management services and solutions for aircraft rotatable components including: distribution, consignment, procurement, brokering and trading as well as outright sale of owned stock. The manufacture and supply of electro-mechanical assemblies, printed circuit boards, electrical test equipment, electrical components, headsets, hearing protection (passive and active), hearing protection (custom moulded) and communications equipment for military, civilian and industrial application. The provision of precision custom plastic injection moulding in both short order and high volume production including associated tool making for the aerospace, defence and industrial sectors. The supply and lifetime support of lifting, handling and aircraft ground support equipment for military, civil aviation, marine, safety and general commercial markets. This includes the design, development, manufacture and/or procurement, engineering support and project management of the lifting and handling equipment, together with the provision of training in the use and maintenance of all products. This certificate is in conjunction with Aerospace certificate FM 630757.
