

GANTRY AND CHAIN BLOCKS FOR GOODS LIFTING

ALU-LIFT® PORTABLE ALUMINIUM GANTRY

The ultimate in lightweight construction for ease of portability. These gantries are ideal when you require constant assembly and disassembly, such as use by site personnel or for an emergency lift in a difficult location. Total weight for these units starts at 55kgs for the 500kg WLL models, these units can be both built and dismantled in a matter of minutes.

FEATURES

- Height adjustable by 762mm on all models
- Spans from 2.44m - 5.87m with infinite span adjustment along the beam
- 2 straps for securing gantry during transit
- Maximum 1.4m Wheel Base ideal for loading in vans/vehicles
- 4 position swivel lock casters, 2 with brake units
- Corrosion resistant and suitable for use in refrigeration areas, clean rooms and other temperature controlled environments
